

11TH EDITION

MANUAL OF SKIN DISEASES OF THE DOG AND CAT

2E • 9781405167536 • April 2008 • Pbk Sue Paterson
A\$130.00 NZ\$145.00

Manual of Skin Diseases of the Dog and Cat 2nd edition provides a valuable asset to the practice library for quick and easy reference on a busy day. Dealing with all common skin diseases in both the dog and the cat, particular attention is paid to the differences between the two species. Each chapter looks at a different type of skin disease with descriptions of clinical presentations and a guide for diagnostic tests for

each. Contains almost 500 colour photographs of common and rare skin conditions.

SKIN DISEASES OF THE DOG AND CAT: CLINICAL AND HISTOPATHOLOGIC DIAGNOSIS

2E • 9780632064526 • July 2005 • Hbk Gross, Ihrke, Walder and Affolter
A\$420.00 NZ\$470.00

Diagnosis is often the most challenging part of dermatology. Diagnostic dermatology melds both clinical and histopathologic diagnosis by correlating the clinical and microscopic features of skin disease. This book is heavily illustrated with colour clinical photographs and is a comprehensive overview of clinical dermatology and dermatopathology that will provide the reader with the tools to accurately

diagnose skin disease in the dog and cat. The book will prove an indispensable reference for veterinary dermatologists, diagnostic pathologists, and small animal practitioners who seek to improve their skill in diagnostic dermatology.

BSAVA MANUAL OF SMALL ANIMAL DERMATOLOGY

2E • 9780905214580 • March 2003
Pbk Aiden P. Foster, Carol S. Foil **A\$220.00 NZ\$245.00**

Designed with the busy practitioner in mind, this, the second edition of the BSAVA Manual of Small Animal Dermatology has been completely rewritten with the information presented in a concise and readily accessible format. The Manual is generously illustrated with colour figures, practical tables and useful diagrams. Diseases that are not covered in detail in later chapters are presented briefly in a text box format,

which is easily accessible to the reader. The most common skin diseases of dogs and cats, such as flea allergy, pyoderma and dermatophytosis, are then described in detail. The final section of the book is devoted to skin disease of exotic pets.

THE 5-MINUTE VETERINARY CONSULT CLINICAL COMPANION: CANINE AND FELINE INFECTIOUS DISEASES AND PARASITOLOGY

9780781747660 • January 2006 • Pbk Stephen C. Barr, Dwight D. Bowman
A\$125.00 NZ\$140.00

This unique manual is an ideal clinical reference for practicing veterinarians, a quick reference for students on rotations, and a supplemental or core text for related classes in the DVM program. In a user-friendly format, coverage includes the treatment of over 100 canine and feline infectious diseases and parasite-related disorders. Over 150 color images.

SKIN DISEASES OF EXOTIC PETS

9780632059690 • May 2006 • Pbk Sue Paterson
A\$105.00 NZ\$115.00

This book, for the first time, provides a practical guide to dermatological problems in birds, reptiles, fish and mammals. Divided into the four groups, each section has a chapter introducing the structure and function of the skin of each group, a chapter on examination and diagnostic tests, and further chapters on species specific skin diseases and treatments. Written in a quick reference format and including almost 200 colour photographs, this

book is a handy resource for veterinary practitioners, veterinary students and veterinary dermatologists alike.
